Why Choose PRIME ICT Voice Solutions?

- ⦿ Crystal-Clear Call Quality
- ⦿ Cost-Efficient Plans
- ⦿ Global & Local Coverage
- ⦿ 24/7 Expert Support
- ⦿ Secure & Compliant Infrastructure
- ⦿ Easy Integration with Existing Systems

Our Voice Services

VoIP (Voice over IP)

Reliable internet-based calling with HD audio, low latency, and flexible pricing. Perfect for hybrid or remote teams.

Cloud PBX

Cloud-based phone system with call forwarding, voicemail, IVR, recording, and team extensions—fully managed online.

SIP Trunking

Connect your existing PBX to the internet. Save on telecom costs and scale easily.

IVR & Auto-Attendant

Automated call routing for faster customer service and improved first-call resolution.

Toll-Free & Local Numbers

Expand your business presence with local, national, or toll-free numbers.

Call Analytics & Reporting

Gain insights into call volume, performance, and agent productivity.
